AP CSA student

Parent

Tutor

If you write code together, you must _____ it.

4 Practice Questions

2:14

Before the video gives the answer, pause and write your guess. Then write the correct answer.

#	What it's about	My guess	Answer	Right?
1	Smart home device built by engineers who are all alike			
2	Hall pass app built without asking teachers or students			
3	What is a computing innovation?			
4	Art social media app: including users (<i>pick TWO</i>)			
5	Club website made with a shared editing tool			

5 The Big Takeaways

Q2: Always talk with the _____ of what you're building.

Q4 & Q5: Answers that sound like _____ are wrong.

6 Trap Alert

Don't pick an answer just because it has a "nice" word in it, like:

1. _____ 2. _____

Instead: read the question carefully and use your **common sense**.

7 Sum It Up

In one sentence: why is collaboration good for building technology?
